

PUMP AND VALVE

Repairs • Remanufactured Units • New Components

Repair and Return

The Pump and Valve Department at Hydraulic Repair and Design has the in-house capability of repairing and testing all brands of pumps, motors, valves, and winches. We specialize in excavator components.

With HRD you have the confidence that your pumps, motors or valves will be repaired correctly the first time. We have years of experience and six separate test stands. No unit leaves our shop without being fully tested for maximum performance capability.

Case • Caterpillar • Daewoo • Hitachi • Hyundai
John Deere • Kato • Kobelco • Koehring • Komatsu
Liebherr • Link-Belt • Mitsubishi • Volvo/Samsung
Sumitomo • Tigercat • Yutani • And many more!

Reman Components

At HRD you have options. If your machine's downtime is an issue and you just cannot wait for a repair, we have a large inventory of rebuilt exchange units in stock. Our reman pumps and motors are fully tested and come with a 1 year 1500 hour warranty.
